SHARON SCATTOLINO
COUNTY CLERK

Board Opening: Delaware County Solid Waste Authority
Location: 1521 N. Providence Road, Media, PA
Openings: 2 Vacancies
Closing Date: January 8, 2027

Summary:
The Authority is responsible for the processing of all Delaware County trash. All forty-nine municipalities are contracted to bring the Authority all of the trash collected within their towns. The majority of trash is taken to Covanta Energy, a resource recovery facility, in Chester City where it is burned and turned into electricity, and a small percentage of trash is taken to Waste Management's Fairless Hills Landfill. The Authority accepts and processes commercial waste from within the County in the same fashion.
The Authority also owns and operates a landfill in Berks County, Pa. which accepts ash from Covanta Energy and trash from other sources close to the site. The Authority also has a Recycling Coordinator who is responsible for the dissemination of information to County municipalities and aids them in the process of obtaining grant money for recycling. The Authority hosts four Household Hazardous Waste Events yearly throughout the County.
The Authority was established by Delaware County under the Pennsylvania Municipality Authority Act. It is governed by a seven-member Board appointed to five-year terms by County Council. The Board meets up to twice per month.
