

Starting August 19, 2019 Media Borough will begin the installation of kiosks within the courthouse district to replace the current outdated meters. As previously mentioned, this will include: the Front Street parking lot, Front Street from Olive Street to Orange street, Veteran's Square, as well as a portion of Olive and Orange streets. As the kiosks are installed, signage will be posted to clearly state the kiosks' locations and payment methods.

These kiosks will utilize *pay-by-license plate*. That means in order to park, you will need to input the vehicle's license plate into the kiosks and select the amount of parking time. In addition, the kiosks will provide the capability for vehicle owners to pay by debit/credit card to park. Additionally, kiosks will accept coins (no bills).

### **New Feature**

Media Borough has launched **Passport Parking**, an easy-to-use mobile app that can be used to pay for parking. The app will provide drivers in Media Borough a mobile payment option for parking spots throughout the borough.

Using Passport Parking is simple; users download the free app, enter their payment information, zone number and license plate number, and start their parking session. Once a session is started, users will be notified before their session ends, and can easily add more time from their smartphone without having to return to their vehicle. The app also houses information on previous parking sessions and receipts.

Drivers can download the free Passport Parking app from the App Store and Google Play or manage their parking online at [passportparking.com](http://passportparking.com).

### **Parking Permit Holders**

Media Borough's parking permit system has been enhanced! Instead of applying for a physical permit in-person, drivers will soon be able to purchase digital permits online. Monthly, quarterly and annual permits will be available for General and Residential Meter permits on the new system. Hang tags will no longer be issued, your valid license plate number will serve as your permit.

Permits will be available for purchase at [mediaborough.cmrpay.com](http://mediaborough.cmrpay.com) in the very near future.

*Stay tuned for more details!*
