Introducing the MVP Recovery S.T.A.R Program:

What sets us apart is our unwavering commitment to excellence. Through a blend of cutting-edge techniques, evidenced based practices, and time-tested methodologies, we strive to alleviate the mental health and substance use crisis facing our society.

In an ever-evolving landscape of mental health and substance use challenges, the MVP Recovery S.T.A.R. Program emerges as a pioneering force, dedicated to dismantling barriers and delivering compassionate care to all in need. Our 24/7 Behavioral Health Urgent Care is a state-of-the-art behavioral health program meticulously designed to address the intricate needs of our community, setting new standards in compassionate care and innovative solutions.

The MVP Recovery S.T.A.R. Program is more than just a service-it's a lifeline. With a comprehensive range of Mental Health, Medical, and Substance Use Stabilization services, we provide holistic support tailored to each individual's unique journey towards recovery. Our team of dedicated professionals stands ready to offer personalized care and guidance, fostering a sense of empowerment and hope in every individual we serve.

Choose MVP Recovery for a supportive, responsive, and personalized treatment experience designed to help you achieve lasting recovery.

S.T.A.R. Services

Comprehensive Support for Mental Health & Substance Use Stabilization

- Immediate Linkage to Mental Health and Substance Use Services: Ensuring that individuals can quickly connect with appropriate mental health and substance use disorder services.
- Comprehensive Wound Care by Licensed Professionals: Providing thorough wound care management by licensed healthcare providers. This includes treatment of acute and chronic wounds, infection prevention, and management.
- Psychiatric Support: Offering access to psychiatric services, including assessments, therapy, medication management, and ongoing mental health support to address various psychiatric conditions.
- Medicated Assisted Treatment (MAT): Utilizing FDA-approved medications, in combination with counseling and behavioral therapies, to provide a "whole-patient" approach to the treatment of substance use disorders.
- Peer to Peer Recovery Support: Facilitating connections with peer support specialists who have lived experience with recovery.
- Transportation to Treatment: Providing reliable and accessible transportation.
- Funding: The S.T.A.R. program is designed to be inclusive and accessible to everyone, regardless of their insurance status or ability to pay. This means that services are available to those with private insurance, Medicaid, Medicare, or no insurance at all.
- Essential Items Provision: Supplying individuals with necessary items such as food, medical supplies, hygiene products, and other essential goods to meet their basic needs and support their overall well-being.

We focus on building resilience, self-awareness, and a strong support system.
