DEPUTY DIRECTOR**

Wellness Policy Bulletin

The Delaware County Juvenile Detention Center has formed a Wellness Policy committee which meets a minimum of twice a year. The committee strives to provide residents and staff with the education and tools to live a healthy life style: to educate them to learn about health risk involved in obesity today: to motivate them in changing future.

As a parent or guardian of a current resident if you would like to review a copy of the policy or be involved in the local wellness policy meetings please leave a request with the control center personnel.
