

Chapter 500, Section 504, Solid and Liquid Waste Management

Steps to a License Decal for Liquid Waste Hauler Vehicles:

1. Section 504.4.2.4. Any new liquid waste transport vehicle must be licensed by this Department prior to operating in Delaware County, PA.
2. Section 504.4.2.3. Each vehicle used by the applicant shall be listed on the application. Each vehicle shall require a separate Delaware County Health Department License and a separate DCHD License Number. Any changes in the liquid waste transport vehicle must have prior approval of this Department before said vehicle operates in Delaware County.
3. A License Number will be assigned to each vehicle on the application by DCHD personnel.
4. Section 504.4.5.1.1. Each vehicle shall have the Delaware County License Number in:
 - A conspicuous place on both sides of the vehicle.
 - Letters and Number Sizes – not less than (3) inches in size.
 - A color Specification – in a color contrasting the background.
 - “DCHD” is preceded by the number assigned to the vehicle.
5. Vehicles that show up for an inspection without the DCHD License Number on both sides of the vehicle have an option to purchase the DHCD License Decals from the Department on the day of the inspection.
6. Verification of the DCHD License Decal on the sides of the vehicle will be a step in the inspection process and receiving a valid license to transport solid and liquid waste in and through Delaware County, PA.
 - Applicant will not be issued a license if the DCHD License Number is not put on the vehicle correctly.
