**\*\*\*BID QUESTION, CLARIFICATIONS AND ANSWERS\*\*\***

**Questions #1:** Does the County have a preference of the modeling software to be used for this Study?

**Answer:** The County prefers use of modeling software that can a) incorporate the data from the County's previous Act 167 plans to reduce duplication of efforts, and b) facilitate future reviews and updates of the County-wide Act 167 plan as required by PA Act 167 in a time- and cost-effective manner.

**Questions #2:** Clarifying the second part to that question - Does the County desire the Countywide Model Ordinance, to be completed through Task 6, be updated for consistency with the Draft NPDES MS4 2028 Model Stormwater Management Ordinance?

**Answer:** We will encourage incorporation of components of the NPDES MS4 Model Stormwater Management Ordinance into the updated Countywide Model Ordinance to the greatest extent possible and in coordination with the county municipalities.

**Questions #3:** Is it anticipated that adoption of the Stormwater Management Plan and Model Ordinance be completed by August 2026?

**Answer:** The aim of this project is to prepare a Countywide Stormwater Management Plan and updated Model Stormwater Ordinance that is ready for adoption. The County anticipates adopting the finalized Stormwater Management Plan and Model Ordinance after the close of the project.
