Upland County Park

Upland County Park spans sixty scenic acres and offers a variety of outdoor amenities and activities.

The park features a modern playground, shaded picnic grove, paved walking loop, multi-purpose athletic fields, and plenty of woodland areas for relaxation or nature walks.

Delaware County purchased this parcel of land in 1968. Formerly called Camp Upland, it was once owned by the Salvation Army and used for twenty-five years as a summer day camp for underprivileged youngsters.
