

JANUARY IS #National Radon Action Month

WHAT IS RADON?

- **Radon** is a odorless, and colorless gas that can enter your home through cracks, holes, soil and water.

HEALTH RISK?

- The EPA reports:
 - Radon is the **#1 cause of lung cancer** among non-smokers
 - It is the **2nd leading cause of lung cancer after smoking**.
 - Radon is responsible for about **21,000 lung cancer deaths** each year.

Reduce Risk

- **Seal** cracks, floors and walls
- Install a radon reduction system
- Ask about radon when buying or renting a home

Testing Your Home

- **DCHD can provide FREE radon testing kits!!!**
- Test kits are sold online and at hardware stores.
- You can hire a trained radon professional.
- Test before and after home repairs.
- **Testing** is the only way to know if radon is in your home!

Get your free test kit while supplies last!

Learn more today about how to get a **free radon testing kit** by calling the DCHD Wellness Line - Available 24/7
