Summary:

Community Transit is a 501 (c)(3) private nonprofit corporation that was founded in 1983 for the purpose of providing curb-to-curb, advance reservation, shared-ride transportation to Delaware County residents who cannot use public transit because transportation options are unavailable, insufficient or inappropriate. It fills a need not met by any other project or program in Delaware County, enabling Delaware County residents to be independent. Community Transit's service promotes independence, enabling access to health care, and employment, to stores, and entertainment venues, to civic and social activities, to family and friends.

The Board of Directors is the governing body of Community Transit comprised of parties with a strong interest in providing paratransit services to residents of Delaware County. Board members are the fiduciaries who steer the organization towards a sustainable future by adopting sound, ethical, and legal governance and financial management policies, as well as by making sure the nonprofit has adequate resources to advance its mission.

The current membership of the Community Transit Board of Directors is comprised of 12 members (four appointed by Delaware County Council) who meet bi-monthly. No employee of Community Transit or of a company providing services to it may be a board member.
