GLEN MILLS, PA.: The Delaware County Health Department (DCHD) invites media to the newest location of its sixth Test & Go Kiosk outside ChristianaCare Primary Care at Glen Mills at 500 Evergreen Drive, Glen Mills, PA 19342.

This first public health kiosk in western Delaware County extends DCHD's reach and gives surrounding communities convenient access to free public health products, including lifesaving naloxone (Narcan), gun locks, home test kits for COVID/flu/RSV, and radon test kits. The installation is made possible through a partnership with ChristianaCare and the health campus property owner Anchor Health and is funded with county opioids settlement and DCHD grant funding.

DCHD's Test & Go Kiosks help remove barriers to essential public health resources, making it easier for residents to obtain products that support their health and safety. The new Glen Mills location brings this resource to the western portion of the county, furthering DCHD's commitment to public health through community partnerships.

Products available at the new kiosk include Narcan, condoms, gun locks, harm reduction kits, pregnancy tests, feminine hygiene products, first aid kits, STI/HIV tests, emergency mylar blankets, COVID-19/Flu/RSV rapid antigen tests, and radon test kits, all at no charge to Delaware County residents. Since the program launched in September 2024, DCHD's Test & Go kiosks have dispensed 12,688 products to community members.

DCHD's six kiosk locations are now:
• Yeadon Wellness Center in Yeadon Borough
• Delaware County Government Center in Media Borough
• Keystone First Wellness & Opportunity Center in the City of Chester
• Delaware County Community College in Marple Township
• 69th Street Transit Center in Upper Darby Township
• ChristianaCare Glen Mills in Concord Township
