Email Address: lucille.pratt@yahoo.com

Members of the Delaware County Board of Elections,

The Darby Borough Democratic Committee hereby requests a one-time waiver of its outstanding fines owed for late reporting of campaign finance reports. We recognize the importance of timely filing of campaign finance reports, and we are committed to staying up to date with future filings. The Board's approval of the waiver will allow us to start fresh as a committee, without the burden of fines we would struggle greatly to pay.

The fines relate to campaign cycles in which the Committee neither received donations nor made expenditures. There was no intent to withhold or delay the release of information regarding campaign finance; there were simply no transactions made by the Committee.

In the coming months, prior to its next campaign finance filing cycle, the Committee will be consulting with treasurers from similar committees to ensure we follow best practices in campaign finance reporting. Additionally, we will be receiving a legal briefing so that we are aware of all campaign finance reporting requirements going forward. We humbly request that the Board consider these good-faith efforts and grant a one-time waiver of outstanding fines.

Sincerely,

Darby Borough Democratic Committee
